ADULT DAY SERVICES IN THE MANAGED CARE ENVIRONMENT: A PRIMER FOR PROSPECTIVE PROVIDERS OR NEW MANAGERS

CAADS Webinar | Thursday, May 26, 2016 | 2:30 PM – 4:00 PM

Just confirmed --- Denise Peach, Chief, CBAS Branch, CDA

What We'll Cover

The transition from fee-for-service to Medi-Cal managed care for long term services and supports (LTSS) has changed many processes and expectations while creating more complexity and cost for Community Based Adult Services (ADHC) providers. This session will orient the prospective provider or new staff member to this **evolving managed care environment and the expectations for credentialing, contracting, electronic billing, authorization for services, auditing and other compliance requirements** associated with being a contracted managed care provider. Denise Peach will discuss the state's expectation for communication with managed care as a critical element of the pre-screening process and the most common gaps of substance found in applications reviewed to date. Learn about L.A. Care Health Plan's internal process for analyzing the need for CBAS sites.

Presenters

Lydia Missaelides, MHA, Executive Director of CAADS and the Alliance for Leadership and Education (ALE). Lydia has more than 30 years of experience in the field of aging and disabilities, and led the association through an historic elimination of ADHC as a Medi-Cal benefit to a transformative entry into Medi-Cal managed care. She continues to lead CAADS members and the field toward strategic partnerships and innovative thinking. She currently services as a board member for the National Adult Day Services Association (NADSA).

Denise Peach, MPPA, Chief, CBAS Branch, California Department of Aging (CDA). Denise has more than 20 years of experience managing certification for ADHC / CBAS providers.

Gretchen Brickson, LCSW, MBA, MPH, Senior Director, Managed Long-Term Services & Supports, L.A. Care Health Plan. Gretchen managed all aspects of the MLTSS program and ensures compliance with Medicare and Medicaid guidelines. She spent nine years at On Lok, the prototype for the Program of All-Inclusive Care for the Elderly (PACE) model, and more than five years with Kaiser Permanente Medical Care Program in Northern and Southern California.

Who Should Attend

Open to **anyone thinking about starting an adult day health care or an adult day program, or key personnel new to the field** who want to understand the dynamics of managed long-term services and supports in a rapidly evolving environment.

When

Thursday, May 26, 2016 from 2:30 PM to 4:00 PM – Join this webinar from the comfort of your own center so as many staff as you wish to register may participate from their own computer. Each registrant needs a computer with Internet connection and speakers / microphone or access to a telephone to connect to the conference line for the audio presentation. Registration includes access to the webinar recording which can be replayed at your convenience – it's a terrific in-service training tool.

How to Register

Advance registration is required. Please complete the form below and return it to CAADS by 4:00 PM Tuesday, May 24, 2016. **We WILL NOT be able to process registrations received after the deadline stated above.**
