Part 39: The New Public Health Orders What Do They Mean for Us

AUGUST 18 - WHAT WE WILL COVER

New Public Health Orders (PHOs) relating to infection control for all facilities and mandatory vaccinations for healthcare workers were issued to stop the recent rise in COVID-19 case rates by preventing the rapid transmission of the more infectious Delta variant. Compliance deadlines are fast approaching. There is an immediate need to understand the new requirements and plan for how to meet them. An equally important consideration is how to best ensure the safety of vulnerable participants while seeking to resume in-center congregate services.

Vision Team panelists will share the team's best thinking, and the CA Dept of Aging CBAS leaders along with a medical officer with the CA Department of Public Health Health-Associated Infections Unit will address your questions and concerns. Please join us for this important topic!

HOST

Lydia Missaelides, MHA, Executive Director, Alliance for Leadership and Education

PRESENTERS

Jill Sparrow, MSW, Chief, CBAS Branch, CA Department of Aging

Shawntel Bush, Chief, Health at Home Branch, CDA

NON MEMBERS: Registration fee waived

HOW TO REGISTER

Registration includes access to the webinar for each attendee/email address registered. CAADS keeps one primary contact and we send information to that one individual. However, during this time and with centers that have staff working remotely, we encourage you to share this registration link with YOUR CENTER STAFF that you feel would benefit from listening to this webinar. **Use this link to register:** <https://attendee.gotowebinar.com/register/1209733687462597646>

Internet connection and computer speakers / microphone OR access to a telephone for the audio presentation is required.

NOTE: Log in early! With the growing number of individuals needing to telecommute, please be patient and understand that both telephone and WiFi lines are being overloaded during the shelter

in place order. If you can't login, try and try again or just call in with your telephone. If you are still having issues, please reach out to "GoToWebinar" customer service at 1-800-263-6317.
