Day of vaccination

- Bring a form of documentation with your name that matches the name on your appointment. Acceptable forms include: a driver's license, pay stub or utility bill.
- If your vaccine requires a second dose, ask when it will be scheduled.
- Prepare to wait 15-30 minutes after your shot to make sure you don't have a reaction to the vaccine.
- After your shot make sure to get your vaccination card.

After getting vaccinated

- If you experience mild side effects, it's a normal reaction to the vaccine. Doctors recommend taking over-the-counter pain relievers like acetaminophen or ibuprofen if you have any discomfort.
- Typically it takes two weeks for your body to build immunity against COVID-19 after your last dose.
- Take a photo of your vaccination card and keep in a safe place.
- **Continue to wear a mask,** wash your hands and practice physical distancing.

Let's get you there.
