Part 30: The Pathway Back to CBAS – Getting Safely Started Now

MARCH 17 - WHAT WE WILL COVER

As vaccinations continue, planning our safe return to in-center services must also begin. CDA is readying their upcoming guidance (per ACL 21-02, issued March 5, 2021) in anticipation of the end of the Public Health Emergency on 12/31/2021. Join us for practical training (the first in a series) designed to guide you through logical phases of planning and implementation. Presenters from the CDA Vision Team will share how approaching this transitional period in phases offers an orderly pathway for increasing safe, in-center services under TAS. This training will ease your anxieties and ready your team for constructive action!

HOW TO REGISTER

Registration includes access to the webinar for each attendee/email address registered. CAADS keeps one primary contact and we send information to that one individual. However, during this time and with centers that have staff working remotely, we encourage you to share this registration link with YOUR CENTER STAFF that you feel would benefit from listening to this webinar. **Use this link to register:** <https://attendee.gotowebinar.com/register/4026154708764294156>

Internet connection and computer speakers / microphone OR access to a telephone for the audio presentation is required.

NOTE: Log in early! With the growing number of individuals needing to telecommute, please be patient and understand that both telephone and WiFi lines are being overloaded during the shelter in place order. If you can't login, try and try again or just call in with your telephone. If you are still having issues, please reach out to "GoToWebinar" customer service at 1-800-263-6317.
