Part 28: The Covid-19 Vaccination Rollout and Adult Day Services

FEBRUARY 10 - WHAT WE WILL COVER

As our recent series of Covid-19 vaccine-related WebTalks has revealed, every day provides fresh insight into how Californians can access the vaccine roll-out. This week, join distinguished geriatrician Dr. Louise Aronson, leaders from the California Department of Social Services, and our other knowledgeable guests for a lively panel discussion. We'll touch on vaccine availability and the status of vaccinations in residential care facilities. We'll also hear a report on the first vaccine clinic held in an ADS facility in Los Angeles County, discuss how to work with your local pharmacies, and consider strategies for monitoring vaccine side effects. Please join us and bring your questions!
