### Part 27: Follow-up on Addressing Covid-19 Vaccinations: Tips for Overcoming Barriers

#### FEBRUARY 3 - WHAT WE WILL COVER

As more people become eligible for the COVID-19 vaccine, high levels of participation are needed to make immunization effective. We can all gain by offering the support that our staff teams, participants and families need as they move towards vaccination. In this follow-up to our invaluable session with Dr. Angelina Crans Yoon, we will provide up to date information on what's happening in our state. Our ADS Panel will discuss approaches for ensuring that participants and families understand the vaccines, as well as tips on how to successfully navigate registration systems. And learn how one So. Cal Program Director has worked with a pharmacy to make plans to host an on-site vaccination clinic at her Center to improve equitable access to vaccines. Please bring your best tips to share as well, as we aid this urgent state effort!
