### Part 40: Where Do We Go From Here? Understanding the Changing Safety Landscape

#### AUGUST 18 - WHAT WE WILL COVER

The present surge in Covid-19 cases has changed the situation in our communities, leading to new requirements. We've invited the CA Department of Public Health to share information on the urgent topics of today, such as testing and vaccination mandates for healthcare workers; additional vaccine shots; and how we can sustain safety while moving towards re-congregation. Our Vision Team will offer helpful tips about how to implement the state's COVID-19 testing program at your Center -- or set up one of your own; as well as what to do if a test is positive. We hope you will join us!
